

Green Park is a Title I/Lap School

What does that mean for my child and family?

- A Title I building-level policy will be jointly developed with and made available to families annually.
- This policy will outline how families, school staff and students share responsibility for student achievement in meeting academic standards.
- We will give guidance as to how families can assist at home in supporting their children's education.
- We will hold family meetings at various times of the day and evening to provide families with more flexibility.
- We will provide opportunities for families to make suggestions and to participate as appropriate, in decisions relating to the education of their children.
- We will provide families with opportunities to meet with the classroom teachers to discuss their children's progress.
- Families are able to submit comments about the program to the district.
