Support Staff Spotlight

NAME: Kelly Gabel

POSITION: Printer

Department: Communications

YEARS IN DISTRICT: 8 years

Q. Where is the Print Shop located and what services do you offer?

A. The district's Print Shop is located at the New Support Services facility on Entley Street near Koncrete Industries. We are so thankful to the community for its support of this wonderful facility.

This building and equipment help improve efficiencies and work performance. Our primary mission is to support the students and their learning. We offer quality, cost-effective copier and printing services.

Q. What equipment do you use to support the district?

A. We use a bookletmaker to produce student journals and assignment keepers. We have a folding machine, a commercial size paper cutter and other equipment to support teachers' needs. We also two high volume copy machines for standard printing jobs.

Our goal is to provide excellent customer service and with quick turnaround. We play a key role in our district's success and we are proud to be part of Walla Walla Public Schools.

Q. What do you like the most about your job?

A. We copy and print about 9 million copies a year in the print shop. We print the Focus on Education community newsletter which arrives in your mailbox four times a year, journals for classrooms, school handbooks, school menus and most of the daily classroom materials.

I love the fast pace of this job and being able to help people with their printing needs. Whether it is needed tomorrow or the next week, I will do my best to get the job done when it is needed.
