

WALLA WALLA PUBLIC SCHOOLS

## Opt Out Form: Electronic Resources – Internet Safety

WWPS Policy 2022 - Each student attending Walla Walla Public Schools has the privilege of Internet access. This access is meant to serve as an extension of instructional materials to help meet curriculum goals. Teachers will provide appropriate supervision and will instruct students about their role as “network citizens” and the etiquette and conduct expected in this global community. Students and staff will receive appropriate grade level training on internet and social media safety. Students will also receive instruction on appropriate use of electronic devices.

Parents and guardians of minors are expected to assist the school by setting and conveying the standards that their son/daughter should follow when using the Internet. Misuse of the Walla Walla Public Schools Electronic Information Network may result in loss of access privileges, disciplinary action in compliance with existing district policy, or other legal or criminal action, including restitution, if appropriate.

If you do not want your child to participate in the use of the Internet as an extension of instructional materials and curriculum must notify the school principal in writing by completing this form. The parent/guardian acknowledges that information and resources available to their student may be limited due to lack of Internet access. All users of this network are governed by the district Acceptable Use Guidelines which should be reviewed annually. These guidelines may be found at <http://resources.wwps.org>. -- Under Technology “Forms” or from the school office.

Please check box below and sign:

I **DO NOT** consent to the use of the Internet as an extension of instructional materials and curriculum.
