4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the upcoming school year.

The district has removed all costs associated with ASB Cards & extracurricular activities. We provide funding via educational donations & scholarships to cover cost of personal gear needed for participation. We've also eliminated fundraising associated with extracurricular activities as this presents a barrier. We have also added extra teams, built athletic schedules, & purchased uniforms to allow more athletes to participate when the opportunity arises.
