

WWPS Second Grade Promise Standards

Second Grade Families: In Walla Walla Public Schools, we operate in an aligned and coherent system. This means students will receive access to the same promise standards no matter which school they attend. The second grade team at your child's school will support all students to reach proficiency on the promise standards listed below, while also addressing all of the second grade math standards and language standards. Teachers identified these promise standards in alignment with previous and following grade levels to ensure skills build from year to year, and lead to a successful educational career in Walla Walla Public Schools.
