### Hall selected to host Exchange teachers

Congratulations to Blue Ridge Bilingual First Grade Teacher **Brenda Hall** for being selected to host two teachers from Uruguay this February. Hall says she will do what she can to welcome them and make sure that they have access to American education via Walla Walla.

### Explorers students create Civil War documentary film

Sixth grade students in **Beth Clearman's** Explorers gifted student program recently premiered their 11 minute documentary film dramatizing the life of Abraham Lincoln.

The entire class researched the life of Lincoln through books and videos and each group wrote a section of his life for the film. All students had roles in the feature film.

Student **Matt Skorina** (Pioneer 6th grader) was the cameraman and director. The project was made possible in part thanks to the technical support and funding from the district's Technology Department.

### District in Step One of School Improvement

Walla Walla Public Schools has been identified for not making Adequate Yearly Progress during the 2003-2004 school year per the No Child Left Behind accountability mandates. Consequently, the district is considered in Step One of School Improvement.

#### *Here are the specific reasons AYP was not met:*

- 44.8% of 4th grade Limited English students met the reading standard on the WASL (the target is 52.2%)
- 59.2% of Walla Walla School District seniors graduated in 2003 (the target is either 63% or at least a 1% increase from the previous year - Wa-Hi's graduation rate: 82.7%)

**Step One** - Consequences include developing a district improvement plan and setting aside 10% of Title I budget funding to address the professional development needs of teachers who work with the student groups who have not met AYP criteria.

### In Our Thoughts *Our condolences to...*
