## In other School Board meeting business...

### *Board members:*

- approved minutes of the board meeting of March 20, 2007, Personnel Report and Out of State Travel, Issuance of certificated contracts and notices of employment for 2007-08, Equipment/Facilities for summer sports programs, and approval of April Bills and Payroll
- approved Technology and Learning Plan 2007-2010. The plan focuses on the integration of technology in the classroom.
- approved Resolution #2-2007, Award of bond bids. The district sold bonds to fund the Edison construction project at a fixed interest rate just over four percent, which means Walla Walla taxpayers will pay less than originally projected to fund the project. A low interest rate also mean the bonds will be repaid in 11 years -- two years earlier than projected during the time of the bond election, according to Business Manager **Aron Rausch's** report.
- approved Resolution #3-2007, Budget Extension for Capital Project and the Architect's contract for Edison project
- approved Curriculum adoptions: K-5 Music; WWHS Economics; WWHS Sports & Entertainment Marketing
- received a briefing on the I-728 Forum which detailed how funds were used this year and could be used next year.
