Dr. Smith and Director Higgins provided updates and priorities for the group.

Students gave updates on various activities and events happening on campus.

Student Leaders facilitate a “belonging” activity with EAC committee members and guests, which involves reviewing “spaces” where belonging occurs, and discussing the “look fors” for areas such as classrooms, hallways, offices, gymnasiums, passing period, after school events and transportation. These “look fors” were developed by the Equitably Engaging Strategies for Everyone (EASE) Task Force. Student leaders compiled notes and asked clarifying questions so that EASE can have feedback in revising the form. This activity and process is based on the recommendations for Goal 3 of the Strategic Plan.

Barbara and Amanda presented an overview of BMAC resources, with a thorough description of each. Informational copies were made available to committee members, and BMAC are always available for comments.

After a drawing, the meeting was adjourned at 5 pm.

Our next meeting is scheduled for March 14 at 4 pm, which will be held at SEA-TECH, not the Board Room
