Group Work Exit Ticket

**After a welcome, members participated in an icebreaker about the month of October. We then had several student updates from Latino Club, Mariachi Band, ASB, as well as other activities in which students are participating this year, such as Trunk or Treat. In addition, students plan to bring more information to us about inclusionary practices related to United Blue Devils, who are currently doing Robotics and working on presentations to do in English classes.**

**After Julie gave a brief overview of Vision 2030 and the “Culture of Equity and Belonging,” we had two guest speaker/presentations; First, Ruben of Communities in Schools shared updates about how CIS supports families and communities at the school level. Next, Pam and Beth shared information about the VIP (parent and volunteer program), as well as upcoming fun family events (such as Reptile Man).**

**Lastly, members received an exit ticket asking about the four items below. These ticket results will be available at the next meeting to review, and will help guide our work.**

October 19 Exit Ticket:

What do you feel are the most important priorities of our work this year?

What parts of our meetings do you find most inspiring or intriguing (student updates, small group discussion, presentations by special programs or community members)?

What suggestions, recommendations or questions do you have about EAC?
