SOCIAL EMOTIONAL CLIMATE

Framework of School and Classroom Climate Improvement Process

Guiding Principles and Essential Elements

The framework of the school and classroom improvement process begins with a commitment to belonging.

The framework of the school and classroom climate improvement process includes three essential elements: creating conditions to support student' SEL, building adult capacity, and collaborating with the school community. Components from each of these three essential elements blend together to create the process for improving school and classroom climate.

District and School Climate Improvement Process

1. Develop a Planning Team
2. Analyze Data
3. Develop a Strategic Communication Plan
4. Develop an Integrated Improvement Action Plan

Issued: December 2021
